Port Logistics Group Named a Top 3PL by *Global Trade* Magazine

“Best Specialized Services” category award highlights key gateway locations, focus on value-add for customers

HOUSTON, November 21, 2013 /PR Newswire/ -- [Port Logistics Group](#), the nation’s leading provider of gateway logistics services, today announced that it has been named a Top 3PL by [Global Trade](#) magazine in the “Best Specialized Services” category.

Global Trade editors worked in partnership with Armstrong & Associates to select leading 3PLs in 12 pertinent categories. “We thought it best to identify 12 strategic needs that shippers have and make those needs our categories, offering a keyhole view of each,” said Patrick Dooley, Editor of *Global Trade*.

The *Global Trade* editors called attention to Port Logistics Group’s strategic [gateway locations](#) at five coastal areas in the U.S. – [New York-New Jersey](#), [Long Beach, CA](#), [Seattle-Tacoma](#), [Savannah](#), and [Houston](#) – stating they are “perfectly situated for importing and exporting.” The specialized services outlined include [drayage](#), [transloading](#), [cross-docking](#), [vendor consolidation](#), and [dedicated store delivery](#).

“Our specialized, value-added services are critical components of our overall service offering at every gateway location,” said [Greg Morello](#), Chief Marketing Officer of Port Logistics Group. “The ability to make our customers’ goods ‘Retail Ready’ at the port of entry sets us apart as a leader in retail distribution, as reflected by this recognition. We’re very pleased to have been selected.”

The list was published in the print version of the November/December issue of *Global Trade*, and it is available online in the digital edition at [globaltrademag.com](#).

ABOUT PORT LOGISTICS GROUP

[Port Logistics Group](#) is the nation’s leading provider of gateway logistics services, including value-added warehousing and distribution, transloading and cross-docking, vendor consolidation and national transportation. With nearly 5 million square feet of warehouse space strategically located in and around major North American ports, Port Logistics Group provides the critical link between international transportation and the “last-mile” supply chain.
